- \* **Licensed, Full Day Programs**
- \* **Weekly Rates**

# ALLENTOWN BRANCH SUMMER DAY CAMP

## DAY CAMP: COMPLETED KINDERGARTEN THROUGH GRADE 6

Camp Keystone is located at the Allentown Branch; Camp Macungie is located at Macungie Memorial Park. Like many Y youth programs, our camp is about learning skills, developing character and making friends. But few environments are as special as day camp, where kids become a community as they learn both how to be more independent and how to contribute to a group as they engage in physical, social and educational activities.

### Week #1 Under Construction

Jun 14 to Jun 18

Time to rebuild after a different kind of summer last year & a year away from all our friends. We will spend the week learning about each other. We will also do a variety of engineering challenges using K'nex, Legos, paper, etc.

### Week #2 Camp Survivor

Jun 21 to Jun 25

Do you have the skills to survive? Reading trail markers, learning how to tie knots, and learning fire safety are just some of the skills we will learn this week.

### Week #3 Canorous or Cacophonous?

Jun 28 to Jul 2

Does it sound good or does it hurt your ears? We will explore a variety of genres this week to find what we consider canorous. Some of our very own instruments and music will be made as well.

### Week #4 Kids Kitchen

Jul 5 to Jul 9\*

We'll be mixing it up this week.. in the kitchen that is. This week campers will whip up some kid friendly dishes, learn about kitchen safety, and create a cookbook so they can make them all again at home! \*NO CAMP JULY 5

### Week #5 Color Wars

Jul 12 to Jul 16

A week of healthy competitions and games all while focusing on our core values of caring, respect, responsibility and honesty.

### Week #6 Piece of Pi

Jul 19 to Jul 23

No, we didn't spell it wrong. Math pi! This week we will do a variety of math challenges. Some of our math will be obvious and some will be sneaky math like measuring for a special snack.

### Week #7 Wet N Wild

Jul 26 to Jul 30

Water relays, water challenges, water science. Anything we can do with or learn about water we will. It will be a nice way to cool off and beat the heat of the summer.

### Week #8 Celebrate Colorful Cultures

Aug 2 to Aug 6

A week of holidays! We didn't just want to do the same old holidays we do in school. We are going to celebrate holidays from different cultures. Dia de los Muertos, Mardi Gras, Diwali, Hannukah, and finally New Year's Eve... oops New Year's Eve, but with traditions from different cultures and calendars around the world.

### Week #9 World Tour

Aug 9 to Aug 13

Around the world in 80 days? We will do it in 5, stopping at countries such as Brazil, Australia, Sweden, South Africa and India. We will explore games, daily culture, and maybe even some food from the different countries.

### Week #10 "Just So" You Know

Aug 16 to Aug 20

Do you know how the cheetah got his spots or the camel his hump? We find out as we read some of Rudyard Kipling's Just So Stories. We will create some of our own stories and find the real reason for those things mentioned in the stories.

### Week #11 Mysteries of the World – Solved

Aug 23 to Aug 27

Once we figure out the how's and why's of the animal world, we will move on to the rest of the world. We will explore mysteries such as how do bubbles work? How is the color purple made? What makes a rainbow? Where does the sun go at night?

### Week #12 Aloha Summer, Aloha Fall

Aug 30 to Sep 3

Aloha means hello and goodbye. We will spend the week wrapping up summer and preparing for fall all while having fun on the islands of Hawaii. Volcanoes, Hulas, Leis and more.

## CAMP FEES
