**2020 ANNUAL REPORT
GREATER VALLEY YMCA**

COMMITTED TO OUR COMMUNITY...

2019 WAS A YEAR OF NEW PROGRAMS AND PARTNERS AT THE GREATER VALLEY YMCA

Our Y remains **committed to our community**, striving to provide solutions to key local needs not addressed. In this spirit, the Y made great strides in 2019, expanding our programs and partnerships focused on supporting vulnerable community members, improving services for our street neighbors and enhancing opportunities for wellness and togetherness at the Y.

Throughout 2019, the Y worked to evolve our services. For instance, we made huge progress addressing food insecurity: we more than doubled our free youth summer meal sites, operating 12 sites over the summer months, serving more than 14,000 meals. Additionally, we launched three year-round free youth supper meal programs at our Allentown, Bethlehem and Easton/Phillipsburg Branches, ensuring kids had a source of nutritious food all year long. Finally, we added supper meal service to our Warming Station program, serving more than 2,450 meals during our 2019-2020 Season. We hope you'll read on for more ways the Y is stepping up in our community.

Additional savings from our merged structure continue to benefit the Y's growth and expansion. Throughout 2019, we invested more than \$717,000 (\$614,000 funded by grants) in our facilities and continued gaining new investment dollars to create and expand our programs. We finalized our over \$6 million Slate Belt Expansion Project campaign, allowing the Y to make good on our promise to the region: the addition of a pool, gymnasium and childcare wing to our Slate Belt Branch in the coming years.

And yet with all of these accomplishments, we recognize our greatest success is in providing teens with a safe place to be afterschool alongside mentors; offering physical activity and connection to active older adults; surrounding the cancer survivor or diabetes patient with support while on their journey to improved health; or teaching children the importance of caring, honesty, respect and responsibility. In each of these moments, we know the Y is successfully meeting our mission.

The Y is fortunate to benefit from the passion of dedicated Board Members, staff, volunteers and partners. We know the Y's continued growth is made possible because you stick by our side. Thank you for your ongoing championship of the Y, as we look forward to all of the emerging ways our Y can reaffirm our commitment to the Lehigh Valley community.

In Service,

Bryan Gault
Greater Valley YMCA
Chief Volunteer Officer

David Fagerstrom
Greater Valley YMCA
President & CEO

VALLEY-WIDE IMPACT

In 2019, the Greater Valley YMCA maximized community partnerships making a meaningful, enduring impact in our focus areas of youth development, healthy living and social responsibility.

\$1,061,000+

Financial Assistance and Subsidy Provided Making Y Programs Possible for Children, Families and Adults In Need

MEETING COMMUNITY NEEDS

COLD NIGHTS, WARM HEARTS

Allentown Branch Warming Station

For the second year, our Y operated the Allentown Warming Station from November 1, 2019 through March 21, 2020. Thanks to the generous support of our community, this year's Warming Station season launched new programs and partnerships. A \$10,000 grant from the Downtown Allentown Community Development Initiative Fund of the Lehigh Valley Community Foundation helped us launch supper meal programming at the Station on December 10, 2019, serving meals on Tuesday and Thursday evenings. Thanks to additional funding secured from the Charles Hoch Foundation and City Center Allentown, we expanded our dinner meal service, serving Monday thru Thursday as of January 27, 2020. Throughout the season, we served 2,456 meals.

6,800

Beds filled at the Warming Station in the 2019/2020 Season

398

Unique Individuals Served at the Warming Station in the 2019/2020 Season

* The term "filled beds" reflects the number of beds occupied each evening, and does include duplicate counts of unique individuals.

NOURISHING THE DEVELOPMENT OF CHILDREN

Y Youth Meal Programs

We more than doubled our free youth summer meal sites during the summer of 2019, operating 12 sites, which distributed more than 14,000 meals. Additionally, we launched three year-round free youth supper meal programs at our Allentown, Bethlehem and Easton/Phillipsburg Branches throughout the course of the year, ensuring kids have a source of nutritious food all year long. A partnership with the City of Allentown and Hibernia Firehouse launched Firehouse Fridays as well, in which the Y provides supper meals for the Firehouse to distribute to local children. The Y continues our active role with the Lehigh Valley Food Policy Council, as well as other local cohorts addressing food insecurity, to address this growing community need.

14,024

Free Meals served through the 2019 Summer Feeding Program

7,203

Free Meals served through the 2019 Year-Round Feeding Program

**OUR
MISSION**

To put Christian principles into practice through programs that build healthy spirit, mind and body for all.

FINANCIALS

YEAR ENDED DECEMBER 31, 2019

Every day at the Y, we work to make our community stronger. We recognize that our mission can only continue with the Y's financial sustainability. We are dedicated to providing individuals, families and children with the support and resources needed to be healthy, confident, connected and secure. With this in mind, the Y maintains a robust financial profile.

AUDITED

OUR FUTURE

Seventh graders Ryan and Justin sought a fun place to hangout afterschool, while their parents sought a safe place where they could continue learning after school's final bell. Thanks to the Y's revamped 7th Grade Initiative Program (7GI), Ryan and Justin now have an afterschool place to learn, grow and thrive. 7GI students

"earn" a free Y membership by participating in programming afterschool like recreation, volunteer projects, life skills classes, homework help and more. The teens now spend almost every day afterschool at the Branch or involved in 7GI projects. The duo recently took a food pantry project even further by coordinating a fundraising drive after the group's volunteering was complete. "7GI has taught me to be more responsible and I have had a blast in the program so far" Ryan states. Justin adds, "7GI has given me a great place to hang out afterschool with friends and staff who support me!"

Thanks to the Y's free community needs programming like 7GI, middle schoolers like Ryan and Justin have a place to belong, find positive mentors and learn.

“ 7GI has taught me to be more responsible ”

SEVENTH GRADE INITIATIVE

Thanks to new guidelines from the PA State Alliance of YMCAs, we relaunched our 7th Grade Initiative Program (7GI) in Fall 2019. The program is offered to students in 6th through 8th grades, providing a free membership to the Y, as well as access to specific programming. By participating in activities focused on healthy living, physical fitness, job skill development, volunteerism and more, students develop a community of support within the Y. Guided by role models who create a safe, nurturing environment, teens develop confidence, independence, responsibility, and teamwork through this national program. We offer 7GI at all of our Branches, with 75 participants in the program during Fall 2019.

LEARN, GROW, THRIVE

Twenty-four year-old Daniel lives with autism spectrum disorder, which impacts the nervous system as well as his motor and social skills. Daniel's mom struggled for years to find an affordable program offering him a chance to socialize, stay healthy and have fun. But when the Y began its Super Shining Stars program in 2018, Elizabeth finally found a place for her son to thrive. Super Shining Stars is a free Y community program serving children and adults with special needs. The class utilizes fitness balls, drumsticks and music to aid motor skill development, auditory processing and increase attention span. Elizabeth reflects on Daniel's two years in the program stating, "He loves going to class at the Y, and even writes about it in his journal. Since the start of the program, Daniel's seldom missed a class. His verbal skills have improved, he's made friends, and has become more social thanks to the Y."

“ He loves going to class at the Y, and even writes about it in his journal ”

Thanks to the Y's free community needs programming, Daniel has found a place to belong.

SUPER SHINING STARS

Our Super Shining Stars Program at our Nazareth and Suburban North Branches provides a safe and inclusive environment for children and adults with diverse abilities . Our program utilizes fitness balls, drumsticks and music to create a positive learning experience. Students can stand, sit or walk around the ball while drumming in time to the music. Through the class, students develop motor skills, auditory processing and increased attention span. Our participants express that they look forward to coming to class each week, as it reduces stress and brings them joy.

A NEW ME

For years Lois struggled with a myriad of health issues after becoming disabled. Most recently, Lois was battling the effects of lymphedema simultaneously with breast cancer. However when Lois's insurance company shared that she qualified for the Y's SilverSneakers program, her daily life changed. Now, thanks to the Y's aquatic classes and programming tailored to the needs of active older adults, Lois has become stronger, and in her words, "more durable in everyday living situations." She is now in remission, has minimized the effects of her lymphedema, and maintains a daily schedule of visiting the Y. Lois states of her Y journey: "My goal is to attend the Y four days a week, and the comforting staff make it easy to do. The YMCA has put a new view in life for me—day by day I'm building a new me!"

Thanks to the Y's subsidized community needs programming like SilverSneakers, Lois has found a place to belong, connect with others and thrive.

**“ The YMCA
has put a
new view in
life for me -
day by day
I'm building
a new me ”**

DIABETES PREVENTION PROGRAM

At the Greater Valley YMCA, we are committed to meeting key needs in our communities, addressing issues such as poverty, hunger, chronic disease and so much more. Our Diabetes Prevention Program (DPP) adopts the Centers for Disease Control (CDC)-approved curriculum proven to prevent/delay the onset of Type-2 diabetes. Accordingly, we launched the YMCA's Diabetes Prevention Program at our Allentown Branch in January 2019. Through the program, participants learn lifestyle changes to help them manage their symptoms and decrease their risk of developing Type 2 diabetes. We provide resources for our class participants to help them reach the goal of 5-7% weight loss and engaging in at least 150 minutes of physical activity per week. Our first cohort successfully completed the year-long program, with all 8 participants meeting both goals, subsequently lowering their risk of developing Type 2 diabetes.

IN YOUR COMMUNITY

In **2019**, the Greater Valley YMCA expanded our programs and services within our neighborhoods, providing opportunities for all we serve to reach their potential.

37

Countries of Origin represented during September's Welcoming Week activities

675

Children participated in our Summer Day Camp Field Day at Blue Grass Festival Park

14

Children learned safety around water in the Bethlehem Branch "Learn to Swim" pilot second grade program

77

Children learned good sportsmanship in the Easton Branch Youth Basketball League

70

People with diverse abilities participated in our free Super Shining Stars Program at the Nazareth and Suburban North Branches

HERE FOR OUR COMMUNITY

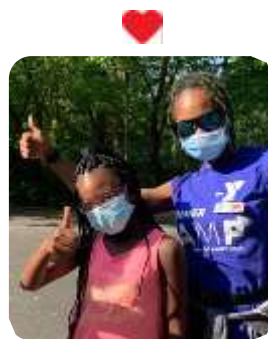

THE Y'S COVID-19 RESPONSE

March 16 to June 30, 2020

Within the first few months of 2020, the world quickly shifted to the realities of the COVID-19 Pandemic. As our community worked together to stop the disease's spread and support each other, the Y quickly pivoted our programs and services to best meet local need. This report summarizes the Greater Valley Y's efforts to step up as a solutions-oriented nonprofit during this extraordinary time. Along with many local businesses and nonprofits, the Y was forced to make difficult decisions and remain agile as the situation progressed. On March 16th, the Y closed our facilities to general membership, closing our childcare facilities quickly after. Additionally, we made the difficult decision to furlough 96% of our staff and worked with a team of 20 part-time employees until the beginning of May. Despite the necessity of this financial action step, the Y maintained and increased our community programming, addressing Valley needs like youth food insecurity, providing a warm place to sleep for our neighbors experiencing homelessness, providing virtual preschool educational videos, and offering affordable childcare for emergency responders and medical personnel.

In May, the Y fortunately received a PPP loan, and was able to reinstate a majority of our staff. However since that time, the pandemic has continued to negatively impact the Y's finances and our ability to run certain programs. Accordingly, the organization underwent a round of layoffs in late June, focused on the Y's need to remain financially solvent through this crisis so we could continue to support local needs. It is our hope that the coming months will show a safe, steady return to our previous operations, allowing the Y to rehire staff as we are able to do so. Our July reopening, informed by CDC safety guidelines, is a positive step towards this hope. As it has been since the first few days of our March closure, our organization's goal is to remain a flexible and collaborative partner as we all continue to navigate this crisis, together.

TESTIMONIALS

“ The Y's program ensures our kids are safe and having fun while my wife and I work, which means we can keep our patients safe too. ”

- Father of children in the Y's "Here for You" Program for Medical Personnel/ Emergency Responders

“ This is the first year of the food program being held in the apartment complex I live in. I am a single mom of a 4-year-old. I am thankful to the YMCA and the Whitehall Hunger Initiative program for bringing lunch to us. Money is very tight; we do not have extra money for special treats, so we enjoy the carrots and fresh fruit when we pick up our lunch. ”

- Mickley Run Apartment Resident and Summer Meals Participant

THE Y'S COVID-19 RESPONSE: AT A GLANCE

FROM MARCH 16 TO JUNE 30, 2020, the Greater Valley YMCA stepped up to meet expanded and emerging needs throughout our community. Despite dwindling resources, the Y served as a key local leader in solutions-focused partnership and flexible, accessible programming. During this pandemic period, our Y supported neighbors in the following ways:

Served over **32,000 free supper meals and snacks** to community youth

Served over **6,200 free meals** to community adults

Provided housing and advanced resources for **31 men and women** in our Bethlehem Branch Affordable Housing Program

Operated a **Code Blue Shelter for 34 individuals** for four spring evenings, in addition to providing biweekly shower services, a hygiene station, and free meals in coordination with Ripple Community Center

Helped our members by **freezing all payments** during pandemic closure

Provided more than **200 videos** with over 3,700 views via our Virtual Preschool Programming

Provided more than **7,200 hours of childcare** through our "Here for You" program for emergency responders and medical personnel

COVID-19 RESPONSE PROGRAMS

As the pandemic's effects were felt by all those in our community, the Y stepped up to meet local needs with the following programs:

HERE FOR YOU

On Monday, March 23rd, we launched our "Here for You" Program, providing childcare options for the children of emergency responders and medical personnel. This program ran for eleven weeks, providing 7,200 hours of care for the children of community heroes. While enrolled in the program, children participated in fun activities like games, arts and crafts, sports and more, while also completing virtual school work throughout the day. Care was offered Monday-Friday from 6:00am to 6:00pm, and concluded with the opening of our Summer Day Camp Program on Monday, June 8th.

FREE YOUTH AND FAMILY MEALS PROGRAM

On Monday, March 16th, we took quick action to transfer our "usual" year-round free youth supper meal program into an emergency supper meals program. Given school closures, historic unemployment highs and disruptions within the food supply chain, we knew it was more important than ever before to provide free, nutritious meals throughout the Valley. With waivers granted by the State, we were able to provide grab-and-go supper meals throughout the region. Our program began with four sites, quickly expanding to twelve locations by the end of June. Thanks to support from multiple local and national partners, we were also able to add free grab-and-go adult meal distribution to some of our locations.

Our free meal sites spanned the Valley, operating at Y Branches in addition to providing free meals where neighbors needed them most— in public parks, community centers and communities of high food insecurity. In addition to distributing these free meals, the Y partnered with the USDA Farmers to Families Food Box Program, The Common Market Mid-Atlantic, and Operation BBQ to distribute additional fresh produce boxes and meal boxes to families.

In this three-month period, we distributed more than 32,000 free meals to community children who may have otherwise gone hungry, as well as more than 6,200 free meals to local adults in need. We also distributed more than 2,500 Farmers to Families food boxes, providing free, fresh produce to local families.

The Y will continue our distribution of free meals through the summer months, recognizing that as the pandemic continues and CARES Act funding diminishes, food insecurity will continue to expand within our neighborhoods.

“ I think this is an awesome program and so thankful for it! I believe these instructors are doing a fantastic job and can't thank them enough! ”

YMCA Virtual
Fitness Group
Member

COVID-19 RESPONSE PROGRAMS CONTINUED

CODE BLUE SHELTER

We made the difficult decision to close our Allentown Branch Warming Station for the Season on March 22nd, protecting the health and safety of our guests and staff. We continued to operate the Station through May 8th as a Code Blue Shelter (i.e. opening on nights forecast below 32 degrees). We opened for the remainder of the season four additional evenings, providing thirty-five beds. In addition, and thanks to help from the City of Allentown, we opened a hygiene station behind the Allentown Y with a porta-potty and handwashing station. We continued to offer shower services after the Station closed on a weekly basis, as well as supper meals in coordination with Ripple Community Center. Coordination continues with Ripple Community Center, Allentown Homelessness Initiatives, 100-Day Challenge Group, etc. to help play a role in COVID-19 solutions for our street neighbors.

VIRTUAL PRESCHOOL PROGRAMMING

While our Childcare sites remained closed, we wanted to stay connected with our students, while also minimizing learning loss. Accordingly, we created Virtual Preschool Programming by asking Y teachers to record educational videos daily, which were both used by our Childcare families, as well as offered as a free service to the public at large. During our closure, Y teachers created more than 200 educational videos with over 3,700 views. Additionally, many Early Childhood Education and Preschool classes met via Zoom in order to socialize and keep connected.

VIRTUAL FITNESS CLASSES

We launched live, virtual fitness classes the week of June 8th, supporting our members while our facilities remained closed. These virtual classes are accessible via a Private Facebook Group, with more than 300 members. Throughout the month of June, we offered almost 70 virtual fitness classes in varying areas like Zumba, Yoga and classes for active older adults. We have continued these virtual offerings as our facilities reopened, recognizing that some members are unable or unwilling to come back to the Y at this time.

BETHLEHEM AFFORDABLE HOUSING

We continued operation of our Bethlehem Affordable Housing Program, which provides 32 single-room occupancy units for low-income neighbors, both men and women. As many of our residents are on fixed incomes, and due to the pandemic lacked transportation for food access, our team increased our support efforts. We performed wellness checks with all residents every-other day, as well as worked to connect residents to resources for meals, community and wellness.

HERE FOR OUR NEIGHBORS

We decided not to charge membership or Childcare fees while our facilities were closed. Knowing that our Y serves many low-to-moderate income families, our organization decided this was "the right thing to do" during this difficult financial period for all. Now that we have reopened, we have begun to charge fees once again, and hope the community will continue to support us as we supported them during this difficult time.

2019 PARTNERS

The Y is a positive force in this community. Together, we take on the challenges that shape the Lehigh Valley's future. Thanks to the support of Y donors, volunteers, members and partners, the Y is able to open our services **FOR ALL**. Because you believe in the power of collective community action, you make a better us possible. Thank you for your championship on behalf of those we serve.
